

ANIMAL ONCOLOGY AND IMAGING CENTER

Camille Hanot
Tierärztin, med. vet.
Master of Science

AUSBILDUNG UND WERDEGANG

Ab Okt. 2018 Medizinischen Onkologie im AOI Center, Hünenberg / Zug
2015 – 2018 Resident in Medizinischer Onkologie Washington State University, USA
2014 – 2015 Forschungsassistentin an der Auburn University College of Engineering, Alabama USA
2013 – 2014 Assistenztierärztin auf der Onkologie an der Kleintierklinik „Rive Sud“, Brossard, Canada
2012 – 2013 Small Animal Rotating Internship Université de Montréal, Saint Hyacinthe, Canada
2011 – 2012 Internship Pathologie “École Nationale Vétérinaire de Toulouse”, France
2006 – 2011 Diplomstudium Veterinärmedizin “École Nationale Vétérinaire de Toulouse”, France

DISSERTATION

Détermination d'intervalles de référence des bilans d'hémostase de routine chez le chien sain déterminés avec un analyseur STA-Satellite (Diagnostica Stago) : étude expérimentale.
Thèse d'exercice, Ecole Nationale Vétérinaire de Toulouse - ENVT, 2012, 88 p.

Prednisone-induced resistance in canine multicentric lymphoma: a clinical and molecular approach to understanding the role of NR3C1, ABCB1 (MDR1), 11B-HSD1, and 11B-HSD2.
